Dongguan Goldenhot Plastic & Hardware Products Co., Ltd.

**THE WORLD'S LARGEST MANUFACTURER OF TOWEL HEATING TANKS**

## Dongguan Goldenhot Plastic & Hardware Products Co., Ltd.

Dongguan Goldhot was founded in 2009 and is located in Yantian Village, Fenggang Town, Dongguan City with convenient transportation. It is only a 30-minute drive to Yantian Port and 45 minutes to Shenzhen Bao'an International Airport. The main factory has a production workshop of over 20,000 square meters, equipped with an intelligent automated production system and more than 10 production lines. We have also established a modern manufacturing plant in Thailand, with an annual production capacity of 300,000.

As the world's largest original manufacturer of heated towel warmers, we have been committed to creating the finest and most comfortable household products for our customers over the past 20 years. Our product range currently includes various heated towel warmers, foot massagers, neck and shoulder massagers, and more.

Our products are widely used in bathrooms, hotels and households, complying with certification requirements including ETL, FCC, PROP65, CE, CB, KC, PSE, ERP and RoHS. The factory has obtained ISO9001, ISO14000, ISO13485 and BSCI certifications, and passed factory audits by GMP, CVS and Costco, earning wide recognition and praise from customers at home and abroad.
